

## **Volunteer Opportunity:**

Hello Silver Star Freestyle Club parents. The 2020/2021 freestyle season is rapidly approaching. We have our facilities, coaching, and programming plans all coming together nicely. However, one of the challenges this year will be managing our athletes at the start of each training day. With COVID restrictions and needing to use multiple meeting locations we are expecting some challenges to start our training days. In order to help the coaches and athletes get organized we are looking for volunteers to act as Program Coordinators. Ideally one person per training session. The times, dates, locations, and details of the role are below. The more people that volunteer the easier it will be to spread the days out. Please contact Wade Garrod at [wade@ssfreesstyle.com](mailto:wade@ssfreesstyle.com).

### **PROGRAM COORDINATOR DUTIES:**

- Meet program Head Coach before the scheduled athlete arrival time. Approximately 15 min before start. Program Times: <https://silverstarfreestyleskiclub.wildapricot.org/LOCATIONS-and-TIMES>
- Assist with setting up the program meeting location. Duties may include setting up tents, flags, tables etc.
- Along with the coach be a point of contact for any athletes and parents who may have questions.
- Communicate with Head Coaches, Program Director Wade Garrod, and/or Board representative if questions or problems arise that require assistance.
- Organize athletes to the appropriate coach or meeting location as required.
- Coordinate any tail-gunners that are volunteering.
- Help monitor and support COVID-19 safety procedures as per SSFC COVID-19 Safety Plan.
- Bring forward coach issues or athlete conduct issues to the Head Coach.
- If possible, attend the pre-season coach training and orientation session.

### **Time, Date, and Program details:**

The following program times and locations need at least one Program Coordinator.  
(Wade to add Program name, time, and meeting location)

- *Freestylerz, GTeam, Riders & Fundamentalz*
- *Comp Team, Dev Teams - Ski and Snowboard*
